### Job posting

Viva Early Learning is looking for an amazing caregiver to join us Monday's and Tuesday's from September!

Our environment is pre set up for children to explore, no teacher led activities required. Our motto is go with the day and see how the children feel and lead from current interests.

Our children are a mixture of ages but currently most of our children are 3 and over. Viva Early Learning is based within a dedicated residential building in Downtown Kelowna.

We have our own outdoor play space but we love going for walks in our big stroller. We like to visit the beach, parks, downtown, the library, rotary centre and just go for walks around our neighbourhood!

You would be working by yourself on your days, giving you the chance try out your new ideas in a flexible and supportive environment. Your day is what you make it! Our children are extremely independent and we have a lot of fun!

Please feel free to email and come stop by to see what we do!

Can't wait to hear from you!
