Learn how you can make learning the names, sounds and shapes of the alphabet letters an enjoyable experience for your students. Young Dave Fun discovers all the lower and the uppercase letter sounds and shapes by observing the world around him. Stories, songs, actions and games combine to make learning a creative adventure. Then Dave discovers how to blend sounds together to make three letter words. Workbooks for both the letter sounds and for the word building are a great addition to the program. All children love this program. It is also great for those whose first language is not English.

**Childhood Connections—Okanagan Family & Childcare Society**

4-1890 Ambrosi Rd., Kelowna BC V1Y 4R9 Ph: **250-762-3536**
